THE RED SCHOOL HOUSE.

I passed it yesterday again,
The school house by the river,
Where you and I were children, Jane,
And used to glow and shiver.
In heats of June, December's frost,
And where, in rainy weather,
The swollen road-side brook we crossed
So many times together.

I felt the trickle of the rain
From your wet ringlets dripping;
I caught your blue eye's twinkle, Jane,
When we were nearly slipping;
And thought, while you in fear and glee
Were clinging to my shoulder,
"O, will she trust herself to me,
When we are ten years older?"

For I was full of visions vain,
The boy's romantic hunger;
You were the whole school's darling, Jane,
And many summers younger.
Your head a cherub's used to look,
With sunbeams on it lying,
Bent downward to your spelling book,
For long and hard words prying.

The mountains through the window pane,
Showered over you their glory;
The awkward farm-boy loved you, Jane—
You know the old, old story!
I never watch the sunset now
Upon those misty ranges,
But your bright lips and cheek and brow
Gleam out from all its changes.

I wonder if you see that chain
On memory's dim horizon,
There's not a lovelier picture, Jane,
To rest even your sweet eyes on.
The haystacks each an airy tent,
The Notch a gate of splendor;
And river, sky and mountain blent
In twilight radiance tender.

I wonder—with a flitting pain—
If thoughts of me, returning,
Are mingled with the mountains, Jane;
I stifle down that yearning.
A rich man's wife, on you no claim
Have I lost dreams to rally;
Yet Pem'gewasset sings your name
Along its winding valley—

And once I hoped that for us twain
Might fall one calm life closing;
That Campton Hills might guard us Jane,
In one green grave reposing.
They say the old man's heart is rock;
You never thought so, never!
And, loving you alone, I lock
The school house door forever.

THE HONEYMOON.—A correspondent thus shows up the dear delights of the honeymoon in a series of illustrations compiled by one who has been through the misery:

Second day—Speechless ecstacy, bliss impossible to be expressed.

Fifth day—Bliss still in the ascendant; appetite begins to look up.

Ninth day—Lady eats her dinner without being kissed between every mouthful.

Twelfth day—"Oh, you naughty, naughty boy!" not said quite so frequently.

Fifteenth day—Gentleman fancies a walk *solus*; comes home and discovers his charmer in tears.

Sixteenth day—Gentleman and lady having returned to the world of sighs, gentle chidings and promise "never to go out alone in future," are invisible nearly all day.

Eighteenth day—Lady is presented with a magnificent breastpin; gentleman consults her about the detail of their domestic arrangements.

Twenty-first day—Gentleman and lady "fancy a little change" and go to church.

Twenty-fifth day—Lady begins to pack up, preparatory to returning from her wedding tour; gentleman assists her, and only kisses her once during the operation.

Twenty-eighth day—On the journey; gentleman keeps his "lady bird" very snug.

Twenty-ninth day—Commit the dreadful *faux pas* of falling asleep in each other's company.

Thirteenth day—arrive at home; greeted by mother-in-law in the threshold; mother-in-law hugs her dear son, and vanishes aloft with daughter; husband dancing attendance in sitting room for two hours; already feels savage because the dinner is getting cold, and spirit begins to rebel against the mother of his Amelia. Amelia presently descends looking very charming; husband brightens up; dinner put on the table; mother-in-law drinks wine, and is effected to tears; Amelia consoles her dear ma; evening wears on; mother-in-law leaves; Augustus returns inward thanks, and goes to bed determined to be at the office very early in the morning, and "wake up" the clerks.

SQUEEZING A GAL'S HAND.—The Pike county, (Ill.) *Democrat* is responsible for the following:

"At a dance the other night, not a thousand miles from Pittsfield, two chaps got mightily stuck with the same gal. She, not willing to show special favor to either, declined dancing and seated herself in the back part of the room. Being chilly, the fair maiden wore a large shawl, and one of her admirers concluded to slip his hand under the shawl and try what effect squeezing her hand would have. He went for it and succeeded. Lord! how happy he was. He squeezed, and she squeezed. He felt glorious all over, and she evidently felt glorious too. After quite a joyful time spent in this way, the lady threw back her shawl, and revealed to a little crowd, standing near, our two youths squeezing one another's hands most lovingly. It don't do to say 'squeeze' to either of them since."

A STARTLING DISCOVERY.—A party of young people, recently, amusing themselves at the house of Rev. Mr. White, near Terre Haute, Indiana, were suddenly somewhat startled on hearing the croaking of a frog in their midst! While they were vainly searching for the strange visitant—an unwelcome one, certainly, in a front parlor—they noticed that one of their number, a young girl of seventeen, named Mary Copaxi, turned as white as a sheet and laid her hand upon her breast. The croaking continued, and Miss Copaxi suddenly uttered a terrible scream, and swooned away. As her young companions gathered round her, applying the proper restoratives, they made a startling discovery that thrilled them with horror! Mr. White at this juncture, inquired as to the meaning of the strange tumult, and was informed that the croaking of a frog was heard, proceeding from the stomach of Miss Copaxi.

Yes, there could be no mistake; the noise came from the young girl!

She swooned away three times before the kind minister could inspire her with sufficient hardihood and coolness to endure her misfortune as became a Christian; and her companions were obliged to carry her home in a carriage.

Dr. Williams, a promising young surgeon on a visit to some relatives at this place, was immediately sent for. He perceived at once that his patient was a difficult case; but with remarkable possession and a steady hand, he at once proceeded with the *work* which alone could save the young girl's life. Before night he had made an incision in the flesh just under the breast, and extracted a large green, speckled frog almost four inches in length! The girl is now doing well, and will recover.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, that in reconstructing the nation its foundations should be justice and its architects loyalty, and we are willing that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equally, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and an evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1865, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives, if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SUICIDE.—Our usually quiet town, on yesterday, was considerably startled by learning that a man who lived at or near Nary Red about one and a half miles from this place was murdered and afterwards burnt with his cabin. At an early hour yesterday morning several parties visited the spot where the man and house were burnt, in company with Dr. Traphagen, acting Coroner. On arriving at the spot they found the blankets, cooking utensils and everything of value carefully deposited on the outside of the cabin. Before examining the articles it was the general impression of the people that the man had been murdered by some Chinamen with whom he had some difficultty on account of a claim, but on examination a small book was found in which was written as follows:

"What little I have here left is but a small amount; distribute it among those who are destitute and in need of food, if there be any among the white population. * * * * * * I have been accused of villainous acts for some purpose, for what cause I cannot tell. I have been around considerable in search of work—at that time could not obtain it. I have since obtained work. I feel thankful to those who gave it to me. I feel grateful to them for the favors shown me, although I have been persecuted so much. It has not been my desertion to the nation, or any person or persons thereunto belonging. Sustain the old flag!"

Clearly proving that he had committed suicide. A Henry rifle was found by him the muzzle pointing to his breast and it is likely that after taking the articles out of the house he set fire to it, shot himself and was burned.

The jury empanneld to inquire into the cause of his death, rendered a verdict in accordance with the above facts.

NEVER, during our residence in this State, do we recollect having experienced such excessively warm weather for so long a time as during the last three weeks. The thermometer has, at no time, except at night, been below 90 degrees, and several days during the period mentioned the thermometer has stood as high as 108 in the shade. This, however, as we above stated is an extraordinary occurrence, not ever happening before, to our knowledge, and we hope will not again occur, certainly not with our consent. We like warm weather, but such as we have recently had more than fills the bill.

ACCIDENT.—On Sunday evening last, Willie, eldest son of Wm. Huffman, of this place, got a fall from a mule he was riding bare-back, and broke his arm just below the elbow. Those who own horses and mules around town should see that children of tender arms, such as little Willie, should not be allowed to play with them.

ANOTHER.—On Monday last, Johnny Lammerton got a fall which resulted in the breaking of his arm. He was playing in the woodshed with other children when one of his companions attempted to pull him down from a shelf when he fell, causing the accident above stated.

NEW MINES.—We conversed with a gentleman the latter part of last week who had just returned from a prospecting trip in the mountains about fifteen miles above this place near the head waters of the American river, who informs us that he is very sanguine of having struck diggings, both surface and quartz mining. He tells us that the indications of the locality he visited is more of great upheavals of the country than any section he has ever visited, and he has prospected from Siskiyou to Mariposa. He came down to replenish his stock of provisions and returned on Monday last.

LETTER FROM NEW ORLEANS.

NEW ORLEANS, June 8, 1867.

FRIEND BOUST:—I have been expecting a copy of the ENQUIRER for some time past, but so far have been disappointed. I suppose you have been waiting to first hear from me according to promise, so hear goes for a brief epistle.

I arrived at New York on the first day of May, having left San Francisco on the steamer Montana on the 10th day of April, consequently was only twenty-one days making the passage, which was a very pleasant one, characterized only by exceedly pleasant weather. At Aspinwall we went on board the Henry Chancey—a very large, fine sea boat, of the same class and appointments as the Montana. Our passage from Aspinwall to New York was rapid and very pleasant and agreeable—especially the day we landed there; I can conscientiously say it was the happiest day of the entire trip. I was disappointed entirely in the land of greenbacks—in one particular which I will state, and my first impressions have not changed since—and that is, that things were cheaper on this side than in California; such is not the case. With the exception, perhaps, of fare for traveling, almost everything is higher, and it don't take a Californian long to find that out. Swindling travelers, of course, was the order of the day in New York—as it is probably everywhere else—though not quite so dexterously performed elsewhere. California passengers seem to gravitate to Lovejoy's Hotel, where my companions and myself (four in number), went with the crowd. Here the four of us obtained a room on the fourth story, with only two beds in it, compelling us to sleep double, for the moderate price of four dollars per night, which is said to be very cheap—for that country—and which no doubt is so. Again, we saw the grand spectacle of the Black Crook at Niblo's. Here the price of admission I think was advertised at $1,50, but of course they claimed that all the unoccupied seats were reserved. By paying $2,50 extra, in all $4,00 each, we obtained seats in the extreme back part of the theater where we could hear nothing but got a fair view of the dancing and scenery. We emphatically got the worth of our money, even had it been gold coin, which it wasn't. I suppose the ballot troupe numbered fifty or more, and such magnificent dancing I havn't seen for many a day, if ever. It won't do to dilate too much on what I saw; as usual nature surpassed art, though the last was immense. I visited also the Central Park: I had read many descriptions of this charming place, but really the half has not been told. It can only be appreciated by being seen; I wasted at least a week there. My companions, having been all bound for the West, I concluded to accompany them as far as possible, consequently bought a through ticket to this place, via Cairo and Mississippi river on the Erie Railroad. At Buffalo one of our party left us for Grand Rapids, in Michigan; another at Cleveland, and the third subsided at Cincinnatti. I arrived there on Sunday, and laid over most of the day and obtained a little spiritual refreshment in hearing Miss Emma Handinge lecture under ins iration on the progress of spiritualism in the U. S. In the afternoon I took the cars again for Cairo, where, after some delay, embarked for New Orleans on the new steamer Robert E. Lee, a magnificent boat. Our trip was a very long one, caused by stopping at every town, city or landing on the river. However, I had plenty of opportunities of seeing the historic places of the war and witnessing the temper and condition of the Southern people. The portion of the country, through which we passed, was, in many places, badly overflowed, of which you have had full accounts, causing much distress. The condition of people in this portion of the South is bad enough; I have not time for any lengthy description. After the conclusion of the war, the people went into business with considerable spirit and energy. The planters were assisted by the merchants in the cities to commence their planting operations, anticipating their returns in the forthcoming crop, which was, however, comparatively a failure. The same thing occurred the second season, leaving everybody bankrupt, and what is worse, discouraged, and without means to commence again. Then comes the overflow, scarcity of food, and all the other troubles of the labor and political questions. The consequence of all is this, people entirely destitute, empoverished and discouraged in the farming districts, only trying to raise enough grain now to live on. In this city bank breaking and financial embarrassments are prevalent everywhere and the whole people despondent and uncertain, in consequence of political operations. I anticipate the South (if present measures succeed), going under the exclusive government of the negroes. The whites are hoping, out of trouble, to secure something of good, and working for that purpose manfully. If they fail and the negroes rule (for say what you will, there are only two parties, the whites and the negroes, clearly defined here), the whites will abandon every hope. A great movement for Honduras and other places is already going on, which will increase if there is no other remedy. Better a thousand times that military rule continue forever in the South, than political power be given to negroes: for as I said there is a natural antagonism between the two races, when the question of power comes. One race of the two must rule in order to avoid that state of affairs which will culminate in a war of races and the extermination of one or the other. There is never going to be equality, social or political, anywhere in the United States of the negro race, excepting where they are vastly inferior in numbers, for the simple reason there can be no equally divided government concurred in by the whole body, force may compel it, but I mean there will be no self-government. A jury composed of half black and half white, requiring unanimity, will fail to convict either a white or a black man, and so all the way through. However, I have said more at present than I intended saying on these matters. I have many things to write which must be postponed at present. Gov. Wells arrived in town a few days ago. I believe he proposes to locate here permanently. You have heard so much said of the hot weather of New Orleans, and as everybody says the weather is very hot; what would you think is the guage o the thermometer now? From 83 to 87 degrees in the shade. That's not much for an old Californian who has roughed it so many years in the sweltering heats of Marysville, Orroville, Brown's Valley and Yuba river country. I have worked in those places many a day when the thermometer was at 110 degrees or more. Therefore I find the weather here pleasant, but I don't believe any one could endure as high a temperature here as we have in some parts of the foothills in California. There must be a great difference in the quality of air here and there, what the difference is I cannot say. The general expression is to say, that in California the air is much "purer," which I think is the case.

Sheridan has removed Governor Wells. A nice little fight is going on between the Rads. as you will see, undoubtedly. The people here are glad of Wells removal.

More anon, H. C. M.

NOTICE.

To all whom it may concern: whereas, in the month of June, 1866, a certificate of pre-emption for the south-east quarter of the north-east quarter of Section 8; east half of the south-east quarter of Section 8, and the north-west quarter of the south-west quarter of Section 9, Township 15, north, range 10 east, Mount Diablo base and meridian, containing one hundred and sixty acres of land, was issued to me by the Register of the U. S. Land Office at Marysville, California, the district within which said land is situated. And whereas, subsequently, viz: in October, 1866, affidavits were filed in the said Land Office, declaring said land to be more valuable for mineral or mining purposes than for agriculture; Now, therefore, this is to notify all whom it may concern that I will, on
23rd day of July, A. D., 1867,
or as soon thereafter as the same may be heard before the Register or Receiver of said Land Office, adduce evidence to prove that the said land is more valuable for agricultural than for mineral or mining purposes, and upon such proof being made, apply for permission to prove up my pre-emption claim to and purchase said land. JAMES ARMSTRONG.
June 5th, 1867. f5-6m.

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

SEMI-WEEKLY ENQUIRER.

DESERVED REBUKE.—We take the following from the Calaveras Chronicle. That paper justly rebukes Fay and Bidwell for their lukewarmness or entire neglect in supporting the Union ticket; their only reason being that they were unsuccessful candidates for a nomination. Such conduct is contemptible:

"Before the meeting of the Convention there were four candidates for Governor—Gorham, Pixley, Fay and Bidwell. Let us see what they are about now. Gorham received the nomination and is preparing to do battle for the success of the Union ticket. Pixley has forsaken his mule, put a big Union plaster of the sort on his head, pulled off his coat, rolled up his sleeves, and is dealing the enemies of freedom sledge-hammer blows, whether Copperheads, or worse, "National Republicans." Obituary Fay, rendered "ill gnity" by the wound in his head, is reading epitaphian addresses to any one foolish enough to listen to them. Poor old gentleman. "General" Bidwell, of the Digger Brigade, the Chico Chief, has returned to the bosom of his people, and with a bandanna handkerchief around his head, a string of glass beads encircling his neck, a manzanita sceptre in his hand, and surrounded by his trusty braves, is lying off in the shade of his favorite oaks, luxuriating on acorns and grasshoppers. Hea catch 'em.

SHOCKING ACCIDENT.—The Marysville *Appeal* of the 12th has the following:

"A shocking and painful accident happened at the Marysville Flouring Mill yesterday morning. While O. Sallady, second miller, was oiling the machinery on the second story, his short working shirt was caught by an upright shaft, when a terrible struggle for life ensued, exhibiting remarkable presence of mind and heroic will. As Mr. Sallady passed the shaft the flap of his shirt caught and commenced drawing his body towards it. In an instant he tore off the flap, but while doing so his left sleeve caught and, winding around the shaft, broke his arm at the wrist. The unfortunate man then made a desperate effort to tear himself away from the shaft, which threatened to crush his body. Bracing his feet against an iron bolt, by a desperate effort he wrenched his left arm off at the wrist, tearing and breaking muscles and flesh at the weak points extending for several inches above the wrist-joint. Mr. Sallady then hallooed to the hands below, who stopped the mill and went to his assistance. The dismembered hand, wound up in the tattered shirt, was taken from the shaft. Drs. Gray and Wilkins were called at once, and Mr. Sallady was moved to his residence on Fourth street, between E and F. Dr. Harrington, his family physician, was afterwards called in, and amputation of the limb above the elbow performed."

TERRIBLE MURDER.—On Thursday morning an atrocious murder was committed upon the person of a woman of ill-fame named Celine Boulett by a young man about twenty years of age named Eugene Tucker. After shooting the woman, he escaped through a window, over the roof of a house into a yard, over the fence and then ran through the public streets of San Francisco the distance of about a mile without being detected, although he only had on a shirt, pantaloons and one boot. He was, however, arrested the next day, and acknowledged fully his crime, detailing all the circumstances. He served an apprenticeship at the Miners' Foundry, San Francisco, learning the trade of a machinist. It is supposed that the object of this terrible crime was plunder as the woman was known to have some twelve or fifteen hundred dollars in money. Tucker's mother and brother live in San Francisco, and he is represented to have had heretofore a good character.

A RARE PRINTER.—A Western paper contains the following advertisement:

"Wants a situation, a practical printer who is competent to take charge of any department in a printing and publishing house. Would accept a professorship in any of the academies. Has no objection to teach ornamental painting and penmanship, geometry and trigonometry and many other sciences. Is particularly suited to act as a pastor to a small church, or as a local preacher. He would have no objection to form a small but select class of interesting young ladies to instruct in the higher branches. To a dentist or chiropodist he would be invaluable, as he can do almost anything. Would board with a family, if decidedly pious. For further particulars, inquire of Colonel Buffalo, at Brown's saloon.

ANOTHER CANDIDATE.—Senator Williams is regarded throughout the Atlantic States as prominent among those whose names will be presented at the next National Union Convention as a candidate for the Presidency. It is seldom in the history of his country that a Senator in so short a time has won so exalted a position in the estimation of the first minds of the nation. —[Unionist.

The Oregon Sentinel says: "We demur to any such arrangement. We would like to see Oregon's distinguished Senator in a better and safer position. We would much rather see him elevated to the Vice Presidency, so that the Nation may have an incorruptible and honest man to fall back upon in case of Democratic assassination of the Chief Magistrate."

We publish to-day a letter from our friend and former townsman, H. C. Melbourn, who recently left this place for the East. Mr. M., whom many of our readers will doubtless remember, lived two or three years in this place, Gold Run and Alta. The political features of the letter the writer is alone responsible for. We merely giving his opinion, not ours. He writes an interesting letter and promises us more.

"JES' SO!"—"EXACTLY!"—Solon Shingle said, they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!
It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.
The report that it relies upon mineral substances for its active properties are wholly false.
The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.
It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Crippled, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whose long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases, and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal, and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil; and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no resource except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each an full assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

MEDICAL.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, VIZ: Syphilis in All its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and explicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.

Subscribed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. Permanent cure guaranteed or no pay. Address,

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhœa, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried to be boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE.

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London. Eight Years at Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, KNOWN ONLY to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to Society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor.

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, call, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, FREE.

Cures in all cases guaranteed.

Office hours from 9 A. M., to 9 P. M.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—DEAR SIR: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saying my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
